

INTEGRATED MANAGEMENT SYSTEM POLICY STATEMENT

POLARIS INTEGRATED & GEOSOLUTIONS LIMITED, we engage in the Provision of Geosolutions Services Covering: Geotechnical, Geosciences, Geophysical and Geospatial Survey; Engineering Services Covering; Pipeline, Facility and Civil Construction, Asset Management, Integrity Survey and Procurement Services.

To effectively deliver the desired services and consistently meet the needs of our customers and stakeholders in our business, we have subscribed to the requirements of the following ISO standards:

- ISO 9001:2015 (Quality Management System)
- ISO 45001:2018 (Occupational Health and Safety Management System)

We are committed to the implementation of the requirements of the respective Management Systems as well as their continual improvements. The needs and interests of all our relevant interested parties/stakeholders, all applicable local and international regulations, international conventions and protocols shall be addressed.

This policy provides the framework for setting the Integrated Management System objectives at the top management and functional levels in our organization.

To ensure holistic implementation of this Integrated Management System Policy, Sub-IMS Policies have been established; covering the requirements of each of selected the Management System Standards.
